

AGM & ANNUAL CONFERENCE 2025

29 APRIL | CRANFIELD UNIVERSITY

We're delighted to announce this year's ARPAS-UK AGM & Annual Conference will take place at Cranfield University - a leading institution in aerospace and autonomous systems, and a long-standing ARPAS-UK member. It's the ideal setting for a day of insight, discussion, and networking. We know travel isn't always possible, so the event will be hybrid, with the option to attend in person or online via Microsoft Teams.

Following the AGM, the programme will include talks and discussions across key industry themes. We'll hear from end-users and sector leaders on market adoption, with speakers including Sellafeld Ltd and Esri UK, followed by policy and regulation from the DfT and CAA, and sessions on innovation and airspace. Interactive SLIDO will be run during the day to gather your views and questions.

We look forward to welcoming you - in-person or online - for what promises to be an engaging and valuable event!

REGISTER TO ATTEND

IMPORTANT INFORMATION

Unable to attend in person? Submit your Proxy Vote to the Chair via the Registration Form

Need to cancel? You may transfer your place to a colleague or contact membership@arpas.uk

LOCATION

LOCATION

Address: Stafford Cripps Centre 2 - Central Ave - Cranfield - Wharley End - Bedford MK43 0AL
